This publication is an up-dated and expanded edition of *Whakapapa: An introduction to Māori Family History Research* published by the New Zealand Society of Genealogists Inc. Māori Interest Group 2006.

The tapu nature of whakapapa is discussed as well as the tikanga for sharing whakapapa information.

There are images of many documents that can help in research and advice about where to access these, useful websites and information about repositories. The bibliography will direct the reader to further resources. The *Frequently Asked Questions* section may help readers climb the proverbial brick wall.
