**Ten Rater**  
**Inter-Club Regatta**  
**25 -26 /3/06**

The event was hosted by the Forster-Tuncurry Radio Yacht Club, Inc and sailed at the Tuncurry Racecourse Lake on Saturday, 25<sup>th</sup> and Sunday, 26<sup>th</sup> March 2006.

The Saturday Scratch Racing event was conducted with a small fleet of nine sailors 1 from Kogarah, 2 from Lake Macquarie, 3 from Central Coast and 3 from Forster-Tuncurry .

The skippers were greeted by a light westerly breeze, which settled to E/SE that increased in strength throughout the day, The conditions had the fleet down to smaller rigs by race nine which brought about some tight racing with Phil Page coming out on top after 23 races with a score of 32 points from Frank Russell on 58 and Rod Wilson on 59 points

The Sunday Handicap Racing event was sailed in marginally better conditions with eleven skippers competing, six from Saturday and five additions from Central Coast, Lake Macquarie and Forster- Tuncurry. Predominately southerly winds from light to strong and back to light saw three rig changes throughout the day. The event was finally won by Phil Page from local skipper Rod Wilson, these two had a great tussle over the week end, with Ian Walters taking third place..

Congratulations to all the skippers on another successful 10 rater series and I would like to thank Allan and Ron from Central Coast for there assistance on Sunday.

Don Clifford  
Secretary, FTRYC, Inc
